

**DEVON COUNTY COUNCIL
PUBLIC RIGHT OF WAY USER EVIDENCE STATEMENT**

This statement is intended to provide evidence about an application, or claim, seeking a change to the Definitive Map and Statement of Public Rights of Way.

This statement is designed to provide information about the route and its use. You should answer the questions as fully as possible. This is important if this information is to be of real value in establishing the status of the route.

This statement should be completed by one person only and should relate to only one route. If you need more space please continue on a separate sheet which will need to be attached to this statement.

If completing the statement by hand, please ensure it is written legibly and in black ink.

Confidentiality – Please Read Carefully

The information you give in this statement cannot be treated as confidential.

- The information you provide will be retained by the OMA for the purposes of undertaking its statutory obligations in accordance with The Wildlife and Countryside Act 1981, section 53. For the purposes of data protection, the OMA is the data controller. It may use an Agent to undertake certain obligations on its behalf. If so, the Agent will be the data processor.
- It may be necessary for the OMA to disclose information received from you to others, which may include other local authorities, the Planning Inspectorate and other government departments, public bodies, other organisations, landowners and members of the public. If the claim proceeds to a public inquiry your evidence will be made available to the inquiry.
- If the OMA proceeds with the claim but it is contested (for example by a landowner), there may be a public inquiry. This will be held locally and if you are unable to attend your evidence will be given in writing, but user evidence is of much greater value if you attend in person and are prepared to answer questions about it. Inquiries are kept as informal as possible and the OMA will help you with the procedure.
- The information you give in this statement will be processed in accordance with the General Data Protection Regulation. It is held by the OMA's Rights of Way Service for the sole purpose of processing the claim for the route referred to, and for no other purpose.
